Directions to the SHTM Conference Room

If you need to park:

Park in the University Hospital lot and come into the main entrance to the hospital. Ask at the main information desk for guidance to the HSC escalators. Take the escalators down to Level 2 (where they end). Walk straight ahead towards the vending machines (Red line), and look for signs to the School of Health Technology and Management. Pass the Dean’s office, and walk down the hallway towards a set of double exterior doors. Just before you reach them, you will see the sign for the SHTM Conference Room on your left.

If you are coming from Main Campus:

Take the Nicolls Road underpass across from Life Sciences. Come up the ramp and enter the Health Sciences Center. Follow the signs towards the School of Health Technology and Management (Blue line), then follow the directions above.
