HEALTH SCIENCES HEALTH FORM

- Students attending a program in the School of Health Technology and Management at Stony Brook must have a health care provider complete a physical and the health sciences student health form.
  - Students must use the Stony Brook Health Sciences Form – “Health Form-Health Sciences” is written across the top of the correct form.
  - Even if you completed health forms at Stony Brook prior to entering an SHTM program, you must have a new physical (prior to the start of the program) and complete a new health form specific for health science students.
  - The health form must be signed and dated by your physician
  - The doctor’s name and address must be legible. (A stamp is preferred)

TITERS

- Students in all health sciences programs are required by New York State health law to have the titers specified below documented. These titers are MANDATORY.
- Laboratory values must be attached to the health form. Simple documentation of immunization is NOT adequate. The lab report must be show the quantative value and range.
  - Measles Titer
  - Mumps Titer
  - Rubella Titer (German Measles)
  - Varicella Titer (Chicken Pox)
  - Hepatitis B Titer (this is the only titer that is optional; if students decline this titer, they must sign the declination which is found on the health form)

PPD/TETANUS

- PPD is required annually.
- A Tuberculosis Mantoux within 6 months of the start of the program is mandatory (if test is positive, chest X-ray is required)
- Tetanus must be within 10 years of start of the program and must be kept current.

After your health form is complete you must do both of the following:

1. UPLOAD ALL DOCUMENTS TO THE HEALTH PORTAL:
   - Go to https://stonybrook.medicatconnect.com
   - Click on the link and log in with your Net ID.

2. UPLOAD ALL DOCUMENTS TO CASTLE BRANCH:
   - Go to https://
   - Click on the link and log in with your Net ID.
